

E2 DAY CARE PROGRAMME

for primary school (age 7 - 12)

SPACIOUS ENVIRONMENT

We provide spacious and bright learning environment for students to enjoy learning. The classrooms and common areas are well lighted and designed suited to students' height, so to provide easy access.

FUN LEARNING EDUCATION

Our education beliefs have always been anchored to fun and enjoyment. We want the students to enjoy learning, and develop their interest in learning. Our unique teaching method enable students to learn happily.

MAGNIFYING GLASS

Students always look forward to our Magnifying Glass programme during school holidays. They get to express their creativity and apply their theoretical knowledge into real life situations.

We groom children to

ENJOY LEARNING

FACILITIES AND INTERIOR

CLASSROOM ENVIRONMENT

The interiors of E2 Day Care Centers are specifically designed to be bright and spacious. It provides the best environment for study and activities purposes. The furnitures are customized to students' height to ensure good posture.

SHOWER CUBICLE & TOILET

E2 Day Care Centers have multiple toilets, showers, and washing basins that are suited to students' height. This shortens the waiting period for showering after school. Each toilet is fitted with shower cubicle to ensure cleanliness and dryness.

LUNCH & TEA TIME MENU

PROFESSIONALLY CRAFTED & NUTRITIOUS MEALS

Our lunch menu is designed by professional nutritionist for a healthy and balanced diet. There are protein, vegetables, carbohydrates, and home cooked soup for lunch. On Fridays, there will be surprises such as pasta, burger, fried noodles, and etc. All meals are carefully prepared by our own central kitchen that goes through quality control system.

MAGNIFYING GLASS PROGRAMME

(HOLIDAY PROGRAMME)

MAIN OBJECTIVE

The Magnifying Glass Programme is developed and designed by a team of passionate educators. The objective of this programme is to offer space of self-exploration and to cultivate students' critical thinking skills. Magnifying Glass allows students to apply the theoretical knowledge they acquired in school into real life situations.

ULTIMATE GOAL

The ultimate goal of Magnifying Glass is to provide a platform for students to expand their creativity, curiosity, and to train their problem solving skills. It is not like any ordinary art craft class, Magnifying Glass lets the students to create their products from scratch. From preparation to measurements, from cutting to size to assembling, all by themselves. Through Magnifying Glass, they learn from their mistakes, and they overcome the challenges.
